Caring for life with dignity

Chelston • Torquay • TQ2 6PQ

Conveniently located close to the heart of Chelston Village, Eclipse Lodge is a specialist residential care home, devoted to providing personalised care in a loving environment for people with all stages of dementia.

At Eclipse Lodge we strive to find new, innovative and personalised ways of looking after each person in our care. More than just a residential care home, we also lead the way in assisting people with dementia to continue living in their own homes for as long as possible.

Our aim is for people with dementia to continue living life to the full, enjoy new experiences and keep growing as people.

Eclipse Lodge staff have the highest level of dementia training available, and are experts in recognising the person through the dementia. We have several dedicated activity staff, offering the widest range of daily activities designed to slow the progress of dementia, or even help develop new skills – either in small groups or on a one-to-one basis.

With capacity for 26 residents and a small day care centre, Eclipse Lodge enjoys excellent menus and a large, secure garden, providing a relaxing and safe environment and increasing quality of life. Situated in the Chelston area of Torquay, a short walk from the seafront, all the amenities of town are also easily accessible.

Our range of specialist care services includes long-term care, respite care and short breaks, as well as convalescence and day care. Eclipse Lodge also provides care and support for those who wish to remain living in their own homes.

These tailored care packages (all with transport) include day care, evening care, overnight care and a sitting service, as well as both planned and
